Griseofulvin tablet

What is this medicine?

GRISEOFULVIN is an antifungal. It is used to treat fungal infections of the skin, hair, and nails.

What should I tell my health care provider before I take this medicine?

They need to know if you have any of these conditions:

- liver disease
- porphyria
- systemic lupus erythematosus (SLE)
- an unusual or allergic reaction to griseofulvin, penicillin, other foods, dyes or preservatives
- pregnant or trying to get pregnant
- breast-feeding

How should I use this medicine?

Take this medicine by mouth with a glass of water. Take with or without food. Take your medicine at regular intervals. Do not take your medicine more often than directed. Do not skip doses or stop your medicine early even if you feel better. Do not stop taking except on your doctor's advice.

Talk to your pediatrician regarding the use of this medicine in children. While this drug may be prescribed for selected conditions, precautions do apply.

Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once.

NOTE: This medicine is only for you. Do not share this medicine with others.
