Losartan and Hydrochlorothiazide tablet

What is this medicine?

LOSARTAN; HYDROCHLOROTHIAZIDE is a combination of a drug that relaxes blood vessels and a diuretic. It is used to treat high blood pressure. This medicine may also reduce the risk of stroke in certain patients.

What should I tell my health care provider before I take this medicine?

They need to know if you have any of these conditions:

- decreased urine
- kidney disease
- liver disease
- if you are on a special diet, like a low-salt diet
- immune system problems, like lupus
- an unusual or allergic reaction to losartan, hydrochlorothiazide, sulfa drugs, other medicines, foods, dyes, or preservatives
- pregnant or trying to get pregnant
- breast-feeding

How should I use this medicine?

Take this medicine by mouth with a glass of water. Follow the directions on the prescription label. This medicine can be taken with or without food. Take your doses at regular intervals. Do not take your medicine more often than directed.

Talk to your pediatrician regarding the use of this medicine in children.
