A-ret® gel

What is tretinoin topical?

Tretinoin is a form of vitamin A that helps the skin renew itself.
Tretinoin topical (for the skin) is used to treat acne, to smooth rough facial skin, and to reduce the appearance of fine wrinkles and mottled skin discoloration.
Tretinoin topical may also be used for purposes not listed in this medication guide.

Important Information

Avoid getting this medication in your eyes, mouth, vagina, or in the creases of your nose.

Before taking this medicine

You should not use tretinoin topical if you are allergic to it.
Do not give tretinoin topical to a child without medical advice. Some brands of tretinoin topical are not approved for use in anyone under 18. Tell your doctor if you have ever had:

- eczema;
- an allergy to fish (the gel may contain ingredients derived from fish).

It is not known whether tretinoin topical will harm an unborn baby. Tell your doctor if you are pregnant.
It may not be safe to breast-feed a baby while you are using this medicine. Ask your doctor about any risks.

How should I use tretinoin topical?

Follow all directions on your prescription label and read all medication guides or instruction sheets. Use the medicine exactly as directed. Using more medicine or applying it more often than prescribed will not make it work any faster, and may increase side effects.
Do not take by mouth. Topical medicine is for use only on the skin. Do not
