Anastrozole tablet

What is this medicine?

ANASTROZOLE blocks the production of the hormone estrogen. Some types of breast cancer depend on estrogen to grow, and anastrozole can stop tumor growth by blocking estrogen production. Anastrozole is for the treatment of breast cancer in postmenopausal women only.

What should my health care professional know before I take this medicine?

They need to know if you have any of these conditions:

- liver disease
- an unusual or allergic reaction to anastrozole, other medicines, foods, dyes, or preservatives
- pregnant or trying to get pregnant
- breast-feeding

How should I take this medicine?

Take anastrozole tablets by mouth at the same time each day with or without food. Swallow the tablets with a drink of water. Do not take your medicine more often than directed. Do not stop taking except on your prescriber's advice.

NOTE: This medicine is only for you, don't share it with others.

What if I miss a dose?

If you miss a dose, take it as soon as you can. If it is almost time for your next dose, take only that dose. Do not take double or extra doses. If you vomit after taking a dose, call your prescriber or health care professional
