The design, model year, mileage, and interior were very good, and I was able to meet my wishes within the budget, so it was a pleasant response for the shop owner, so I chose this used car. I thought it would be the last 2
car in my life. When I retire from my current job, I will not go to a workplace that runs 100km a day. However, I will go there for the next two and a half years. Finally, I thought a hybrid fuel-efficient car would be good. Be a hybrid considering fuel efficiency. The number of passengers must be 5 or more. It is easy to handle. The mileage is short. Not an
accident vehicle. First year registration is around 2014 (4-5 years ago is better due to automobile tax, if Aqua is current style from 2014). The total price should be less than 1 million yen. So I decided on this property. I chose this car because it has good fuel economy, is compact and easy to drive, and the interior has a high-class feel. I also liked the EV
 mode. articles in English Andrea Navagero (1483-1529) was a Venetian diplomat and writer. He edited manuscripts at the Aldine Press, garnering a reputation as a scholar and a highly skilled writer. In 1515, he was appointed the official historian of
the Republic of Venice as well as the caretaker of a library containing the collection of the scholar Bessarion. Navagero was named the Venetian ambassador to Spain and Francis I of France. By the time Navagero arrived back in Venice in 1528, he
had grown disillusioned with politics and wished to return to editing manuscripts and cultivating his prized gardens. Much to his dismay, he was appointed ambassador to France in January 1529. After traveling to meet with Francis I, he fell ill and died that May. (Full article...) Recently featured: Nosy Komba McDonnell Douglas Phantom in UK service

It is widespread across much of Australia, and has a
predominantly white plumage with a bare, black head, long downcurved bill, and black legs. While it is closely related to the African sacred ibis, the Australian white ibis is a native Australian bird. Due to its increasing presence in the urban environment and its habit of rummaging in garbage, the species has acquired a variety of colloquial names such as
 "tip turkey" and "bin chicken". This Australian white ibis was photographed at the Royal Botanic Garden, Sydney. Photograph credit: Charles J. Sharp Recently featured pictures Community portal - The central hub for editors, with resources, links, tasks, and
