It also improved the graphics of the original gameplay. already a great and fun game, but this sequel is much more engaging and addicting. Naturally, hidden gems like Smashy Road: Wanted 2 aren't super popular, and it's a shame that not a lot of people have experienced playing it. If you're one of those people, then you're in for a treat. This game will drive you crazy. To explain the gameplay, think Grand Theft Auto, but skip all of the story and walking around with weapons, and go straight to the mad police chase after you've racked up some stars and you're now trying to get away. That's how Smashy Road: Wanted 2 plays like. Now, that might sound simplistic, but the game is bombastic enough to keep you playing over and over again. The developers at Bearbit Studios completely understood which part of GTA is the most fun, and made a whole game out of it. After reading this screen as often. The team did take inspirations from GTA, and it shows in the design of the game. You play it in an isometric or top-down perspective, with your character driving a car, trying to avoid capture by the police. You gain score by surviving, doing tricks, wrecking other cars, and obtaining collectibles. When your score reaches certain thresholds, your wanted level increases, represented by flashing sirens at the top of the screen. The action can get hectic fast - reach 7 levels and tanks start appearing, chasing you. Reach 10 levels and the inter-galactic police force will start sending down flying saucers just to stop you. The game also has a competitive aspect. While this arcade game is mostly played casually, there's still a daily leaderboard that you can compete in. Each leaderboard only has a hundred people on it, and the scores and people reset every day. You can attempt to get on top regularly without worrying about long-term progress. Still, getting to the top isn't so easy. Thankfully, there are many tips we can share with you last longer in the game, get a higher score, and unlock new vehicles and drivers quickly. So without further ado, let's dive into our Smashy Road: Wanted 2 guide, as we will share with you a bunch of tips, cheats and tricks to survive longer and get a high score! 1. How To Unlock New Vehicles and characters in Crashy Road: Wanted 2? The wide range of options for vehicles and characters have different stats that affect your performance in your runs. Some vehicles, like the Hovercraft, have special features, such as being able to drivers for your advantage are key to your success in the game. Thankfully, it's not hard to unlock better vehicles and drivers for you to play around with. There are three different ways to do this. Your first roll will guarantee a star, with a brand-new vehicle, a character, and an upgrade. The first is through the slot machine for every \$100 you collect. Every spin will randomly give you either a vehicle or a driver of a random rarity. There are four rarities: Common, Rare, Epic, and Legendary. Needless to say, the most awesome vehicles and the best drivers are either Epic or Legendary. Sometimes, the slot machine will stop on a star - giving you a driver, a vehicle, and an upgrade for a good vehicle and don't waste it on common cars. Upgrades increase your vehicles' stats, and are only obtainable by getting duplicate vehicles and drivers, so they are quite rare at the beginning. Meanwhile, you earn cash by completing side missions and by picking them up in the game. Simply passing over cash either while driving or on foot will let you pick up the cash instantly. They come in different colors and give you different amounts of money. The green cash bills will give you \$1, blue for \$2, purple for \$3, and yellow for \$4. There's no point in hoarding cash in this game, so go spin the roulette as soon as you get enough cash. Another way to get new vehicles and drivers is by completing main missions. The main missions have corresponding vehicles and drivers can only be unlocked when you complete them. We'll be talking about these later on, but some of the best vehicles and drivers can only be unlocked when you complete them. discounted bundles of the vehicles and drivers. However, as said above, the vehicles and characters locked behind the main missions cannot be unlocked using this method. 2. Completing The Main Missions: Guide, Tips, And Tricks Smashy Road: Wanted 2 is so casual, it doesn't even bother explaining how its missions can be completed. They are simply listed on the menu screen, leaving you to figure out how to finish them. The simplest way to do main missions is by finding the purple question marks on your map. Tap on the mini-map on the upper left of the screen (this also pauses the game so you can take your time), and you'll see a few purple question marks scattered across the map. Until you arrive in these locations, you'll never know what will be there, but it's always going to trigger one of the purple question marks to toggle a waypoint marker, which will display an arrow on the screen that you may follow to reach your destination. Once you've attempted a mission once, the purple question mark that used to represent it on the map will be replaced by its corresponding icon. Running around freestyle can help you survive some pesky situations. Even when you've already triggered the main mission, the game will still not tell you what you're supposed to do. Most of the time, it's easy to guess what the objective is. But to help you play better, we've listed down the different main missions and how you can finish them: Collect All SR Letters - Find and collect them across different runs. This will unlock the Bearbit Racer Mystery Vehicle. Number 1 - Find the F1 racing track, ride one of the parked vehicles at the starting line, and finish first in the ensuing race. This will unlock the Circuit Boss Mystery Vehicle. Zombies - Find the corrupted building and ride the Zombie Smasher truck (black and green colored vehicle). Zombies will spawn in the area and green meteors will fall from the sky. Run over 40 zombies within 50 seconds to complete the mission and unlock the Zombie Smasher Mystery Vehicle. Key to Success - Find the carnival and ride the Clown Car. This will instantly unlock the Zombie Smasher Mystery Vehicle and the NOFUN Mystery Character. The Clown Car is a fantastic car - it has very poor handling and low health, but it drops clown bombs randomly in its wake, blasting all the cop cars on your trail. Bank Robbery - Find the bank and enter the police car parked in front of it. A truck will appear that will be carrying a truckload of cash on its trunk. Follow firetruck and put out six fires with it within one minute. This will unlock the Water Jet 3000 Mystery Vehicle. Alien Invasion - Incur the wrath of the Intergalactic Space Force by reaching Wanted Level 10. The flashing sirens will be replaced by alien heads and will instantly unlock the Alien Mystery driver. Swim Swim - Swim for a total of 1,000 meters. Progress for this is cumulative across different playthroughs, so you don't have to feel pressured doing it in one run. This unlocks the Diver Mystery Character, which has insane swim stats, but very low health and running speed. That's a Tank - Find the military facility and ride the Tank. The Tank is super tough, and is even capable of shooting others with its cannon. With it, you're nearly unstoppable, even as UFOs descend from the sky. Completing this quest unlocks The Cantract Mystery Character. 3. Getting A High Score In Smashy Road: Wanted 2 While completing missions and finding all the collectibles may be the end goal for casual players, those who have a competitive streak will want to get the highest score there is possible. Smashy Road's subreddit even have people posting scores of 20,000 points and above. To top that, you will need to do more than just aimlessly driving around. Always come prepared so you can last longer in the game. Here are some general tips and tricks for you to consider on your next run in Smashy Road: Wanted 2. Come Prepared - Always bring your A-Game. Select the best characters and vehicles, compare its stats to the one you currently use, and pick the better one. For vehicles, though, you should choose the one you're most comfortable with even if it has lower stats than others. Keeping your initial vehicle at the start of the run alive can make your total run longer. Vehicle Stats, from top to bottom: Max Speed, Contro (Grey bar shows upgradeable stats) Character Stats, from top to bottom: Running Speed, Swimming Speed, Health Adding Depth to Your Strategy - You may not notice it at first, especially when you're playing using the top-down view mode. But the terrain in the game actually have different depths. Recognizing which platforms are deeper than others can help you plan your escape. Check the map at the start of the run so you can avoid mountainous parts that will block your progress, and jump over ledges to lose speeding cars following you. Run, Forrest, Run! - Something new introduced in Smashy Road: Wanted 2 is the ability to exit your car. Cops can also exit their cars, walk to yours, and arrest you without killing you. When you see that this is about to happen and you can't drive away, ditch the car and start running! Some characters even have high enough running speeds to outrun bullets and vehicles. Be Choosy - Every once in a while, a friendly helicopter will arrive and drop upgrades for you. You may pick them up to help you survive longer, but you can only have up to two at a time. Once you have two upgrades, every succeeding drop will only give you the same upgrades as the two you already have. Collecting more of these will increase the power of your upgrades as the two you already have. when you know they aren't necessarily useful for your run. You can see the kind of upgrade and its rarity by looking at its sprite and its color. Green upgrades are epic. For me, personally, the best upgrade are rare, and purple upgrades are common, blue upgrades are epic. your own. Play Around Water - Especially in the early parts of a run, you will be relatively safer swimming in the water than driving around the city. Although money doesn't spawn on water, police cars also can't touch you while you're swimming. Switch between land and water as you try to keep your oxygen meter high enough. Things only get hairy if you enter open waters as the coast guard starts getting involved, or when the police start to send snipers after you. At these tips will help you set new world records in Smashy Road: Wanted 2. It takes a lot of effort to reach very high scores, but with these tips, you'll be able to reach your goal easily. Playing more of the game will also improve your split-second decision-making skills, allowing you to live longer in-game and score even higher. So take our tips with you and escape the cops. A new high score awaits you. Reddit and its partners use cookies and similar technologies to provide you with a better experience. Smashy Road: Wanted is a game that looks like Crossy Road and plays like a miniature Grand Theft Auto. It's a sequel to the far less famous Smashy Road, but it adds an entirely new twist. Your goal is to run from the police, who are trying to ram you and destroy you, for as long as possible, destroying their own cars in the process. You can get a ton of cars in this game, from rare to epic to legendary cars. Read on for some tips and tricks on how to unlock every single car and type of car in Smashy Road: Wanted! There are three legendary cars that you can get. One of them is the Money Man truck, which earns you cash 5x faster in the game (not from the ad videos or the free gifts). The second is the F1, which is the fastest car in the game by a long shot. The third is the fastest car in the game; they just appear very rarely because there are so few of them in the game. So the only way to get them is to keep rerolling until they appear. Either keep earning free cash and reinstall the game, then reroll from the very beginning gacha pulls. The rare and epic cars can also be found in the gacha, and luckily, they are far more common than the legendary ones and have far more performance modifications than the common ones. They often have graphical modifications associated with them as well; earn them, experiment with them and use them to see what they have. You need 100 cash in order to go for a roll in the gacha, so aside from earning a ton of cash while playing (which is hard to do) you can cheat and get the free gifts (which are supposed to happen 1x per 5 hours) right away by setting the time ahead on your phone, then going back to Smashy Road: Wanted and playing again, and dying. Then the free gift will pop up again. Or, get an internet connection, die quickly and watch the advertisement videos, which come up on about one out of every two or three deaths. Hit the prompt, watch the video and you will earn about 20-40 coins per video. Do this over and over, reroll in the game. This Android and iOS game features you as a car running away from the cops, causing all sorts of chaos, drifting around corners and scoring points by blowing up cop cars, tanks, etc. Think of it as Crossy Road x Grand Theft Auto. Read on for the top 15 tips and tricks for Smashy Road: Wanted! 15) Get the cop cars to crash. You score points by surviving for a long time, but you score even more points, and you score them a hell of a lot more quickly, when you can blow up a cop vehicle. The best way to do this is to take a super tight turn, especially when there is a big crowd of them on your tail. They'll run into each other and at least one of them will blow up. 14) Turn in the intersections when there's a group of buildings in front of you. Send the cops smashing into the buildings and into the cops smashing into the tanks, armored trucks and whatnot that end up chasing you around after awhile. 13) You can get common, rare, epic and legendary cars all from the same gacha. The common cars just show up more frequently. The rares don't show up at all. Keep taking pulls from the gacha and eventually they will appear. 12) Different cars have different handling characteristics. The sports cars, for example, will go very fast on the street. However, they will be more prone to oversteer, and they will also not be able to push larger vehicles, such as the trucks, RVs and vans, will generally be slower, but will handle much better off road. It will be a lot easier to use them to push vehicles out of the way. They'll be less prone to oversteer than the smaller sports cars. They won't be able to fit into though. They don't meet the required safety standards to be licensed for use on public roads. However most states allow their DMV to register off-road vehicles and issue a title to prove ownership (after paying the required title fees and taxes), which increases the chances of it being recovered should it be stolen. In fact, a clown car is fully functional. "We remove all of the interior," explains DeSanto, "including the door panels and the headliner, and paint the windows except for a small slot for the driver to see through. The number is less because they would need some breathing room, space for their props, and the ability to exit the vehicle quickly. The current record was made in 2013 when 31 clowns in a small French town fit into one Citreon2CV. Check out for more clown facts! Smashy Road Wanted is the sequel to a little known Android game called Smashy Road, but this iOS and Android game has become far more famous in a short amount of time. Imagine a cross between Crossy Road and Grand Theft Auto, as your goal is to drive all around the city, avoiding the increasingly large number of cops that chases you, and surviving for as long as you can. Read on for some tips and tricks for Smashy Road: Wanted! Your car drives automatically, with you controlling the ability to go left or right, or to brake and reverse by hitting the L and R petals simultaneously. Take care to watch out for oversteer when you turn as your car slides rather easily. Also, reverse quickly when you get cornered so that you don't sit still too long and end up busted. Everytime that you see the 'free cash' button, tap it and you will instantly open a present containing cash. Every time that you see the 'earn cash' button, you can watch an advertisement video, which earns you about 20 cash per pop. Once you earn 100 cash, you will be able to pull the gumball machine and get a new car. Each car has somewhat different characteristics. There are some cars that allow you to go fast off-road, but are slower on road, such as the lifted Hummer-esque trucks. Others, such as the Red Rare sports car, are lightning fast on the road, but are slower on road, such as the lifted Hummer-esque trucks. to lose cops, your best bet is to wreck them. Cops can't turn as tightly as you can so pulling a rapid 180, especially near a building or structure or near some cars, can cause them to crash and burn. Go off road and drive through business parks or groups of buildings and you can lose them and wreck some of them, as well. Explore around. Don't just stay in the city or desert that you begin the game in. Look around and you will find other areas connected to it. You'll find a construction yard where you can hide inside of dirt piles and piles of gravel, as well as smash through fences. Or you can go from the city to the desert and vice-versa.
