Trihexyphenidyl tablet

What is this medicine?

TRIHXYPHENIDYL is for Parkinsonism or for movement problems caused by certain drugs.

What should I tell my health care provider before I take this medicine?

They need to know if you have any of these conditions:

- glaucoma
- heart disease
- high blood pressure
- kidney disease
- liver disease
- prostate problems
- an unusual or allergic reaction to trihexyphenidyl, other medicines, lactose, foods, dyes, or preservatives
- pregnant or trying to get pregnant
- breast-feeding

How should I use this medicine?

Take this medicine by mouth with a full glass of water. Take your medicine at regular intervals. Do not take your medicine more often than directed. Do not suddenly stop taking your medicine because you may develop a severe reaction.

Talk to your pediatrician regarding the use of this medicine in children.
