Calcitriol capsule

What is this medicine?

CALCITRIOL is a man made form of vitamin D. It helps your body keep the proper levels of calcium and phosphorus and maintain healthy bones and teeth.

What should I tell my health care provider before I take this medicine?

They need to know if you have any of the following conditions:

- kidney disease
- parathyroid disease
- receiving dialysis treatment
- an unusual or allergic reaction to calcitriol, vitamin D, other medicines, foods, dyes, or preservatives
- pregnant or trying to get pregnant
- breast-feeding

How should I use this medicine?

Take this medicine by mouth with a glass of water. Take your medicine at regular intervals. Do not take your medicine more often than directed.

Talk to your pediatrician regarding the use of this medicine in children. While this drug may be prescribed for children as young as 1 year old for selected conditions, precautions do apply.

Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once.

NOTE: This medicine is only for you. Do not share this medicine with
